

CEC21 Programme

Day	Time (CEST)	Title	Convener(s)
Monday 4th	11:30-12:15	Social / Interactive Session: Getting to know each other	
	12:15-12:30	break (with possibility of interactions in socializing area)	
	12:30-1:30	PLENARY - Opening plenary with Keynote Speaker Ambuj Sagar	Thomas Bruhn, Miranda Böttcher & Mark Lawrence
	1:30-2:00	break (with possibility of interactions in socializing area)	
	2:00-3:00	Implementing net-zero targets - policy instrument planning for negative CO2 emissions	Matthias Honegger
		The Comparative Politics and Policy of Solar Geoengineering	Joshua Horton
		Natural Science Advances in SRM	Ben Kravitz
	3:00-3:30	break (with possibility of interactions in socializing area)	
	3:30-4:30	An Overview of the U.S. National Academies Study "Reflecting Sunlight: Recommendations for Solar Geoengineering Research and Research Governance"	Chris Field, Laurie Geller
		Youth and Climate Engineering <i>TBC</i>	Gideon Futerman <i>TBC</i>
	4:30-5:00	break (with possibility of interactions in socializing area)	
	5:00 - 6:00	PLENARY - Lessons from COVID-19 for Climate Change/Climate Engineering	Jane Long, Sikina Jinnah, Pablo Suarez
6:00-6:15	break (with possibility of interactions in socializing area)		
6:15 - 7:00	Social / Interactive Session: Getting to know each other		
Tuesday 5th	10:00-10:45	Social / Interactive Session: Reflecting the diversity and biases of our perspectives	
	10:45-11:00	break (with possibility of interactions in socializing area)	
	11:00-12:00	DECIMALS: pioneering SRM research in the Global South	Andy Parker
	12:00-12:30	break (with possibility of interactions in socializing area)	
	12:30-1:30	PLENARY - PosterPlus Plenary	Miranda Böttcher
	1:30-2:00	break (with possibility of interactions in socializing area)	
	2:00-3:00	The role of fossil fuel companies in large-scale carbon removal	Holly Buck, Wim Carton
		Developing Solar Geoengineering Scenarios for Policy Research	Tyler Felgenhauer
		Getting Real about Playing God: Religion and Climate Engineering	Fletcher Harper
	3:00-3:30	break (with possibility of interactions in socializing area)	
3:30-4:30	Ethics of Human agency in CE	Laura Hartman	

*This programme is subject to final changes

CEC21 Programme

Day	Time (CEST)	Title	Convener(s)
		Strategies for building and sustaining meaningful public engagement in solar geoengineering research	Ambuj Sagar, Peter Frumhoff
	4:30-4:45	break (with possibility of interactions in socializing area)	
	4:45-5:30	Social / Interactive Session: Reflecting the diversity and biases of our perspectives	
Wednesday 6th	10:00-10:45	Social / Interactive Session: Dynamic coffee break (match roulette)	
	10:45-11:00	break (with possibility of interactions in socializing area)	
	11:00-12:00	Blue Carbon: Why accurate CDR accounting is important for interdisciplinary feasibility assessments	Nadine Mengis
		Increasing developing country engagement in the solar Climate Engineering discussion	Chris Lennard
		The new security politics of Climate Engineering	Duncan McLaren
	12:00-12:30	break (with possibility of interactions in socializing area)	
	12:30-1:30	PLENARY - Mapping the field of CEC: What is Climate Engineering anyway? Who is, or should be, a part of the conversation?	Thomas Bruhn, Nadine Mengis, Shin Asayama, Laura Hartman
	1:30-2:00	break (with possibility of interactions in socializing area)	
	2:00-3:00	Experiencing SRM decisions with consequences, safely: Serious gameplay to model system dynamics	Pablo Suarez
		A Practical vision of SAI deployment	Wake Smith
		Improving the representation of Carbon Dioxide Removal Technologies in Integrated Assessment Models.	Raphael Apeaning
	3:00-3:30	break (with possibility of interactions in socializing area)	
	3:30-4:30	The International Geoengineering Network - A Global / Multidisciplinary Expert Group on Opportunities and Risks	Michael Kleeman
		An informational briefing on US Federal Funding for negative emissions technologies	Martin Bunzl
	4:30-4:45	break (with possibility of interactions in socializing area)	
4:45-5:30	Social / Interactive Session: Iterating the mapping of the field of CEC		
	10:00-10:45	Social / Interactive Session: Iterating the mapping of the field of CEC	
	10:45-11:00	break (with possibility of interactions in socializing area)	
		"Democracy" in solar geoengineering governance	Sean Low

**This programme is subject to final changes*

CEC21 Programme

Day	Time (CEST)	Title	Convener(s)
Thursday 7th	11:00-12:00	Beyond static human behavior: The driving and resisting psychological forces of Climate Engineering	Patrick Hancock
		Ethical and political challenges for research & implementation of Climate Engineering	Maximilian von Seckendorff
	12:00-2:00	break (with possibility of interactions in socializing area)	
	2:00-3:00	Economics of Solar Geoengineering	Mariia Belaia
		The Ethics of CDR Technology	Hanna Schuebel, Christian Baatz and Ivo Wallimann-Helmer
	3:00-3:30	break (with possibility of interactions in socializing area)	
	3:30-4:30	Governance and Public Engagement for Genengineering Research - The Case of the SCoPEX Advisory Committee	Michael Kleeman, Rajul Pandya
		Sketching a Research Path for Carbon Removal Deliberation	Amanda Borth
		Climate Engineering Scenarios 2: Current insights and new directions	Ted Parson
	4:30-4:45	break (with possibility of interactions in socializing area)	
4:45-5:30	Social / Interactive Session: Evaluating the reflection tables		
Friday 8th	10:00-10:45	Social / Interactive Session: Evaluating the reflection tables	
	10:45-11:00	break (with possibility of interactions in socializing area)	
	11:00-12:00	Emergent ideas for Climate Engineering	Andrew Lockley
		Incentivising negative emissions in societal context	Rob Bellamy
	12:00-12:30	break (with possibility of interactions in socializing area)	
	12:30-1:30	Humor to Enable Tough Discussions on Geoengineering	Pablo Suarez
		Connecting Carbon Removal to the Sustainable Development Goals	David Morrow
	1:30-2:00	break (with possibility of interactions in socializing area)	
	2:00-3:00	PLENARY - Final town hall plenary	Miranda Boettcher, Thomas Bruhn
	3:00-3:15	break (with possibility of interactions in socializing area)	
3:15-4:30	Social / Interactive Session: Dynamic coffee break (match roulette)		

**This programme is subject to final changes*
