

# GEOENGINEERING MEASURES UNDER DISCUSSION

**1**  
Marine cloud brightening

**2**  
Cirrus cloud thinning

**3**  
Reflective aerosol particles

**4**  
Ocean fertilisation

**5**  
Enhanced weathering

**6**  
Large-scale afforestation

**7**  
Biochar production

**8**  
Bioenergy with carbon capture and storage

**9**  
Direct chemical capture and storage of CO<sub>2</sub>

● Altering the Earth's radiation balance

● Removing carbon dioxide (CO<sub>2</sub>) from the atmosphere
